AI CO-FOUNDER METHOD

BONUS TEMPLATES BUNDLE

Your quick-start toolkit for applying the method instantly

Welcome Note

Thank you for grabbing the AI Co-Founder Method Ebook + Bonus Templates Bundle.

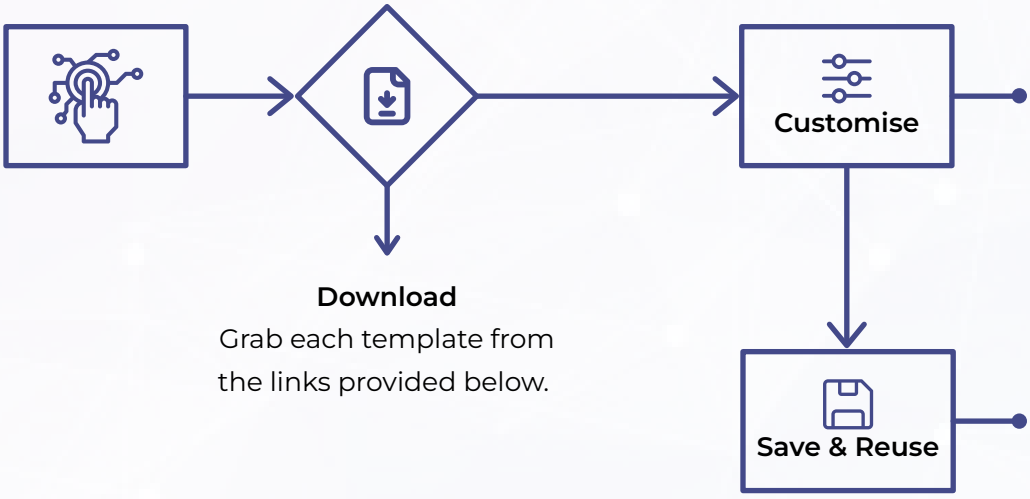
This guide was created to help you apply the method right away — not just read about it.

Inside, you'll find 7 plug-and-play templates designed to save time, bring structure, and let you collaborate with your AI Co-Founder more effectively.

What's Inside

- Master Setup Prompt Template – The foundation prompt for every project.
- Workflow Prompt Templates – Reusable prompts for daily execution and systemising tasks.
- Chaining Models – Visual and written templates for mapping multi-step AI projects.
- AI Role Examples – Specialist roles you can assign to GPT-5 for sharper outputs.
- QuickStart Prompt Vault – A ready-to-use collection of high-impact prompts.
- Decision Making Template – A structured way to evaluate options with your AI Co-Founder.
- Quarterly Check-In Template – Use AI to reflect, reset, and plan every 90 days.

How to Use This Bundle



Download
Grab each template from the links provided below.

Open in Word/Docs, edit the placeholders, and tailor to your business.

Store your finished prompts in your Prompt Vault and revisit them as your business grows.
